Background

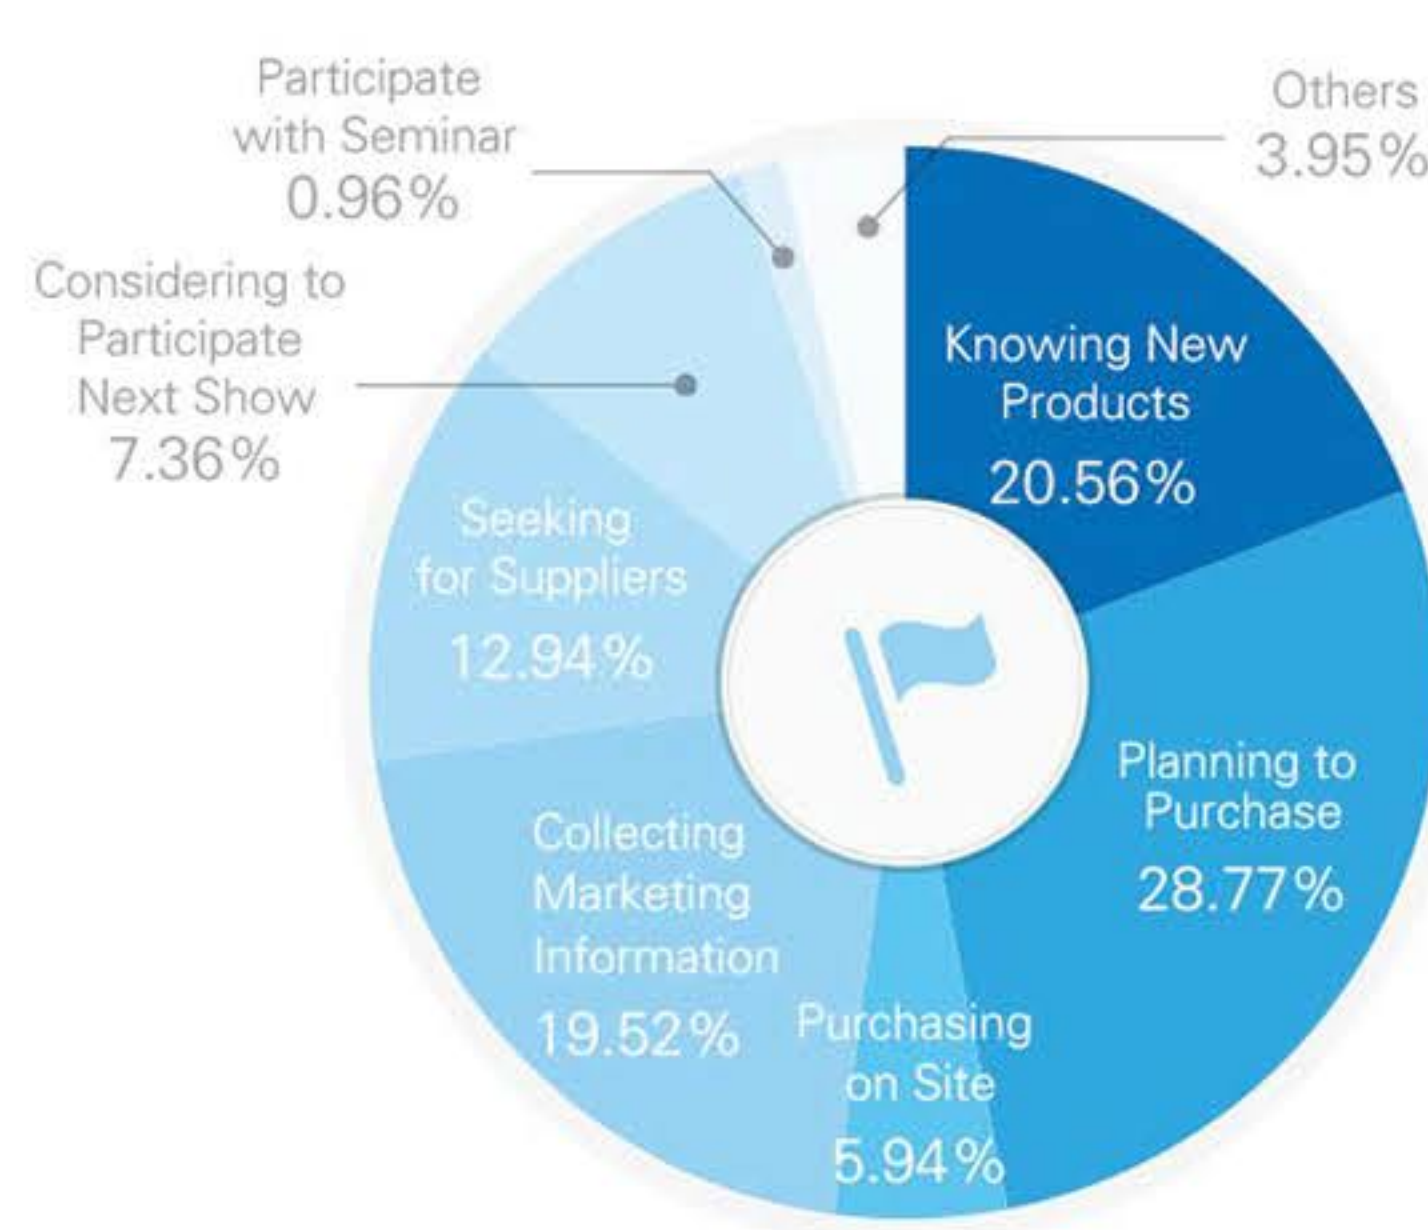

Chinese high-end manufacture industry will participate actively with global resource allocation as the “One belt, one road” strategy proposed by Chinese government enhancing the integration and extension of global manufacturing industry chain. Beijing-Tianjin-Hebei regional collaborative development forms a cluster with super radiation force which will drive the transformation & upgrading and optimizing industrial layout of the high-end manufacture industry in China.

As the economic center of North China, Tianjin is national advanced R&D manufacture base in Beijing-Tianjin-Hebei Integration Strategy set by Chinese government, is the core city leading Chinese advanced manufacture industry.

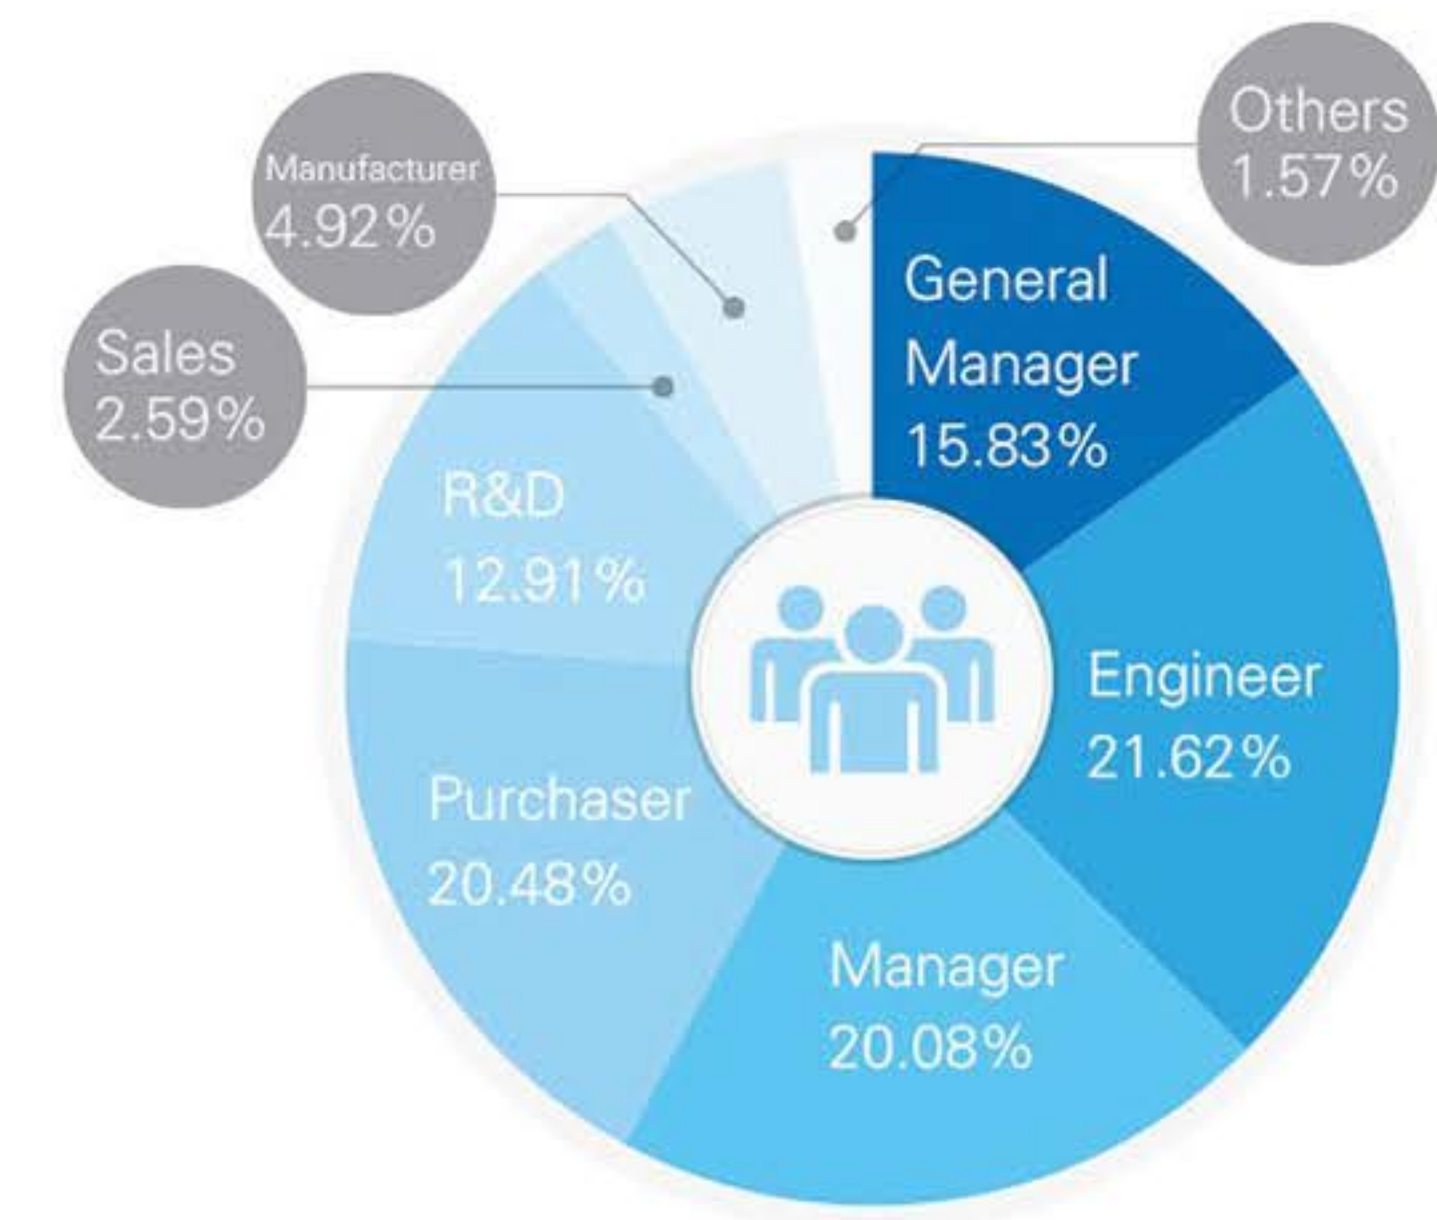

Introduction

The 14th China (Tianjin) International Industrial Expo. (CIEX2018) will be held on March 15-18, 2018 at Tianjin Meijiang Convention & Exhibition Center, China. With a magnificent exhibition space of 90,000 sqm, CIEX attracted more than 1,200 exhibitors and nearly 90,000 visitors from over 20 countries and regions in 2017.

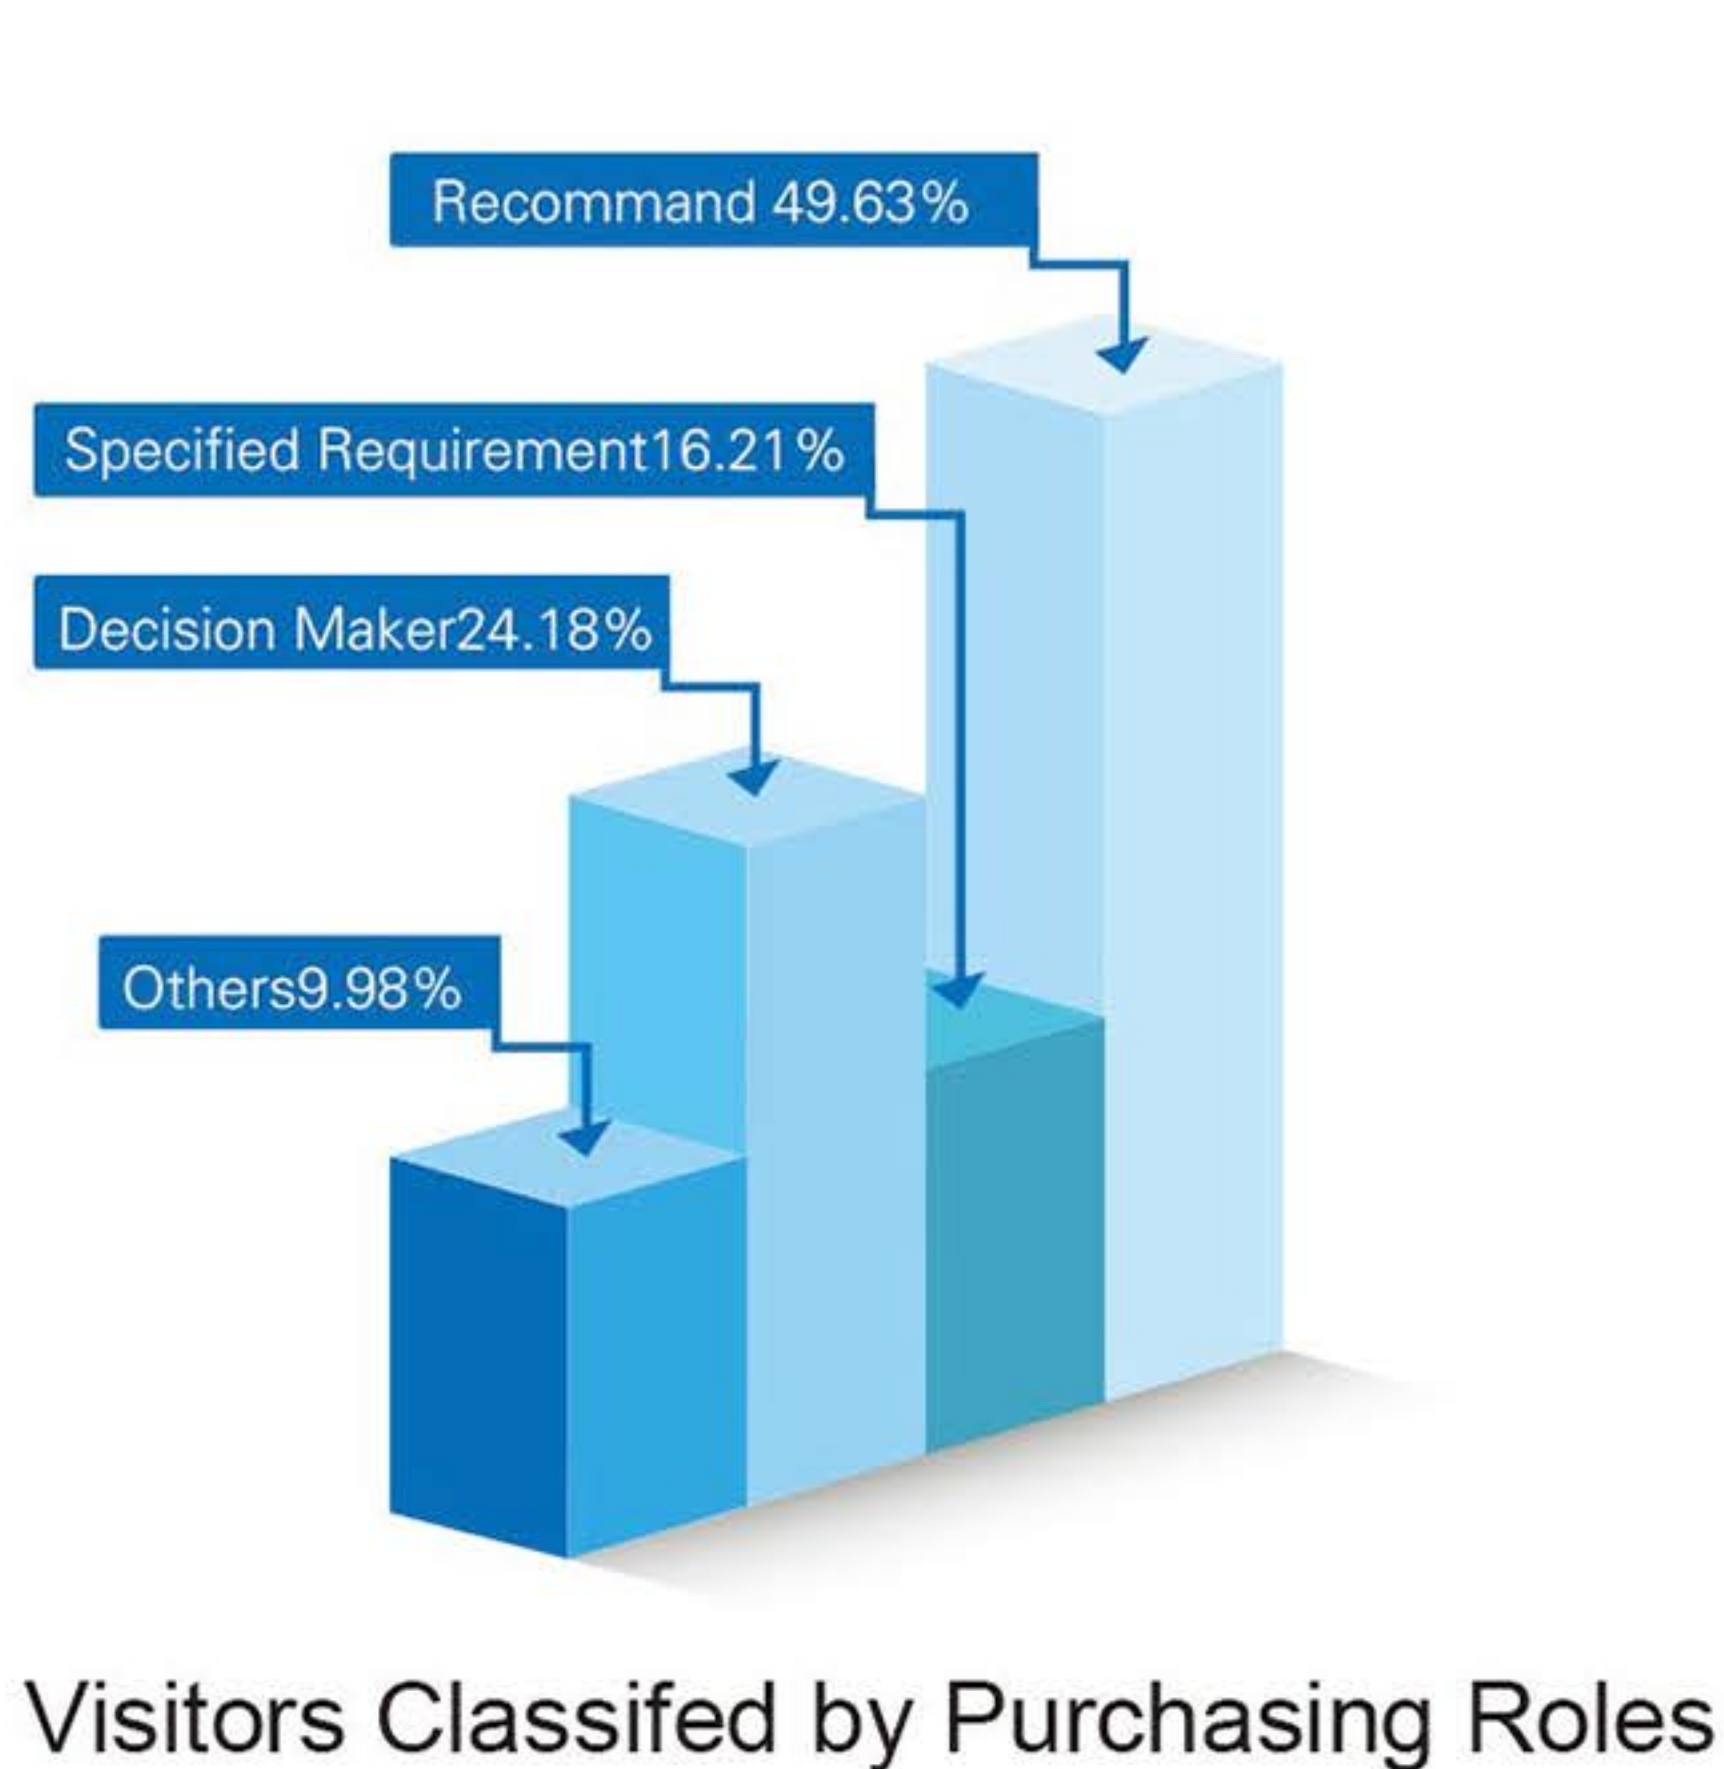

CIEX 2017 Reaches Largest Scale Ever!

Conferences/Seminars/Forums

The mechanical industry experts from home and abroad presented at CIE X
 Deeply and accurately understanding of "Industry 4.0" & "Made in China 2025"
 More than 30 high-end technical seminars be held concurrently

The Voice of Participant

China Machinery Industry Federation (CMIF)

Tianjin has the foundation and strength of organizing the worldwide industry exhibition. After more than 10 year's development & accumulation, CIE X has reached the world-class level both in development speed and scale strength. With 30% overseas exhibitors, many first class products and technology showed in CIE X. We may say CIE X will be one of the largest 3 major industrial exhibitions in the world.

HAAS

It is the seventh time HAAS exhibiting in CIE X. With the help of CIE X, our company layout the industrial chain and meet upstream & downstream customers. CIE X developed fast in the past. High-level professional visitors in CIE X bring Haas more potential clients. CIE X is the most effective industry exhibition we have ever participated in China.

Toyota

Our company visited & purchased at CIE X continually for 3 years. It is the 2nd time we form group purchasing in CIE X. We are shocked by the world top laser cutting and industry robot products & technology in CIE X. CIE X is the largest industrial & High-tech exhibition I ever known.

CIEX 2018

The 14th China (Tianjin) International Industrial Expo.

March 15-18, 2018 Tianjin, China

Exhibition Scope

Machine Tool and Accessories

Metal Cutting Machine Tool, Sheet Metal Processing Machine, Metal Forming Machine Tool, Precision Tools, Special Processing Machine Tool, Clamping Devices, Hot Working, Welding Device, Metal Casting and Rolling, Lubrication and Cooling, Molding Machine, Metal Surface Treatment, Transfer Machine and Unit Head, 3D Printer, Accessories and Components, Workpiece and Tool handing, Measuring Instrument, Flexible Manufacturing, CAD and software

Robot

Industrial Robot, Service Robot, Robot Functional Accessories/Parts, Machine Vision, Robot Developing Platform and Software Technology, Laser Technology Equipment, Intelligent Manufacturer

Automobile Equipment

Assembly Engineering, Stamping, Coating Engineering, Final Assembly Engineering, Machining Process, Materials and Design, Welding Engineering, Quality Control, Auto Mould Engineering, 3D Printing Engineering, Robot System Integration, Assembly System Integration

Plastic & Rubber

Injection Molding Machine, Blowing Machine, Extruders & Extrusion Lines, Press Machine/Welding Machine, Automation Device, Measurement, Printing Machine, Packaging Machine, Reaction/Reinforced Resin Machinery, Thin Film Technology, Raw Materials, Additive Paint and Masterbatch, Plastics Mold, Auxiliary Equipment, Die & Mold

Charge

STANDARD BOOTH

\$ 3,000 / booth (9m²)

- ▶ 1 Carpet
- ▶ 3 side board
- ▶ Lintel
- ▶ 1 consulting desk
- ▶ 2 chairs
- ▶ 2 spotlights
- ▶ 1 outlet

RAW SPACE

\$300 /m² (Above 36m²)

No equipment in raw space, exhibitors can decorate it or contact with official contractor.

CONFERENCE/FORUM

\$3,000 / session

Each conference will last for 1 hour, organizer will provide with meeting room, sound, projector, screen, water and other relevant service.

Approved by the ministry of Commerce of the People's Republic of China, the 14th China (Tianjin) International Industrial Expo. (hereinafter referred to as CIEEX 2018) will show cutting-edge technology and solution based on themes of machine tool, robot, automobile equipment, plastics & rubber shows. In order to showcase the whole industrial chain and establish an industrial eco-system served for industrial upstream and downstream enterprises, CIEEX strives to setting up a high-class platform for industrial enterprises and visitors.

IMEX – The 14th China (Tianjin) International Machine Tool Exhibition

Approved by UFI and the Ministry of Commerce of the People's Republic of China, IMEX is the most significant theme exhibition in CIEEX.

- Exhibit Area: 50,000 sqm
- Most Represented Fields : Machine Tool, Sheet-Metal, Metal Cutting, EDM, Various Functional Component and Matching Products

- Represent Enterprises:   **Hartford** 

CIRE – The 7th China (Tianjin) International Robot Exhibition

The largest robot exhibition in China and also the most glisten and attractive theme exhibition in CIEEX

- Exhibit Area : 18,000 sqm
- Most Represented Fields: Industrial Robot, Service Robot, System Integrator, Robot Functional Accessories, Machine Vision, Robot Developing Platform and Software, 3D Printing

- Represent Enterprises:  **ABB** **SIEMENS** **Panasonic**

CAME – The 2nd China (Tianjin) International Automotive Manufacturing Technology & Equipment Exhibition

The largest and the only automobile equipment exhibition in North China

- Exhibition Area: 15000 sqm
- Most Represented Fields: Assembly Engineering, Machining Process, Materials and Design, Welding Engineering, Robot System Integration, Stamping, coating engineering, final assembly engineering, assembly system integration

- Represent Enterprises:    **YADON**
扬锻股份

CPRE

CPRE - China (Tianjin) International Plastics & Rubber Industries Exhibition

The largest plastics & rubber exhibition in North China

- Most Represented Fields: Plastic Processing, Plastic and Raw Material, Chemical Additives, Composite Materials, Special Rubber Machinery

- Represent Enterprises:   **华美达**  **BORUNTE**
